### Disaster Public Assistance Workshop

The NJ Office of Emergency Management in partnership with our County Offices of Emergency Management and the State League of Municipalities will be conducting regional workshops on the Public Assistance Grant Program. Township and emergency management officials should plan on attending one of these workshops to learn about the process of receiving Federal Public Assistance aid in the aftermath of a disaster. The workshops will provide an overview of the process and the forms and documents required to receive FEMA's Public Assistance funds. Call 609-882-2000 ext.2351 or 2700 to register for a workshop that's convenient for you. The workshops are free but registration is required:
