### **NJSP Winter Safety Tips**

**NJSP Headquarters** – Recently, the State of New Jersey has experienced the first stages of wintry weather. As such, Colonel Rick Fuentes and the New Jersey State Police Office of Emergency Management (NJSP OEM) have created the Winter Weather Safety guide.

The Winter Weather Safety Guide is an all encompassing interactive one stop information station provided by the NJSP for winter topics and storm response. This valuable site will provide information on all emergency notification/alert systems for personal, home, road, and vehicle safety/preparedness.

To access the Winter Weather Safety guide, please log on to: <http://www.state.nj.us/njoem/plan/winter.html>. Logging on will allow individuals to access, download, and printout valuable winter storm related information from the State's foremost emergency management site free of charge and available anytime day or night.
